3. Staff recommends motion to approve: Change Order No. 76 to the Contract with The Weitz Company (R2002-1868) in the amount of \$339,317.63 and a time extension of 53 days for the South County Courthouse. **SUMMARY:** Change Order No. 76 provides for the demolition of the existing atrium skylight and replacing the open area with roofing assembly. Previous hurricane activity has damaged the existing 1,600 square foot skylight atrium assembly beyond repair. The most economical of these options is adding a new roofing assembly on the existing skylight curb. A FEMA obligation of \$80,000 is partially funding the costs. The original costs submitted to FEMA in April, 2006, were based on a preliminary estimate for glass replacement only. A new request will be submitted to FEMA for the reimbursement of the actual costs. The M/WBE goal is 15% overall with 5% Black participation. This Change Order includes 0% overall and 0% black participation. When combined with previous work done under this Contract, the M/WBE percentages are 17.5% overall and 1.0% Black. 2. Staff recommends motion to receive and file: one (1) Agreement for Emergency Generator Purchase, Operation and Maintenance with Venetian Isles Community HOA. **SUMMARY:** On March 14, 2006, the Board of County Commissioners delegated the authority to execute Emergency Generator Purchase, Operation and Maintenance Agreements (Agreements) to the County Administrator or his designee. The County Administrator has delegated this approval to the Palm Beach County Water Utilities Department Director. These Agreements provide property owners with the ability to fund the purchase of emergency generators for lift stations located within their community. The Department will assign the community its generator(s), locate the generator(s) on-site during hurricane season, and operate and maintain the generator(s) during emergencies. By executing such Agreements, the Department is able to expedite its goal of providing a higher level of emergency response service throughout its service area. Power outages that occur during hurricanes and other emergencies require the Department to operate a system of emergency generators at wastewater pump stations to prevent wastewater from backing up into streets, swales, and residents' homes. Due to the great number of lift stations and limited staffing resources, the Department is not able to place an emergency generator at every lift station. These Agreements will increase the number of generators available to the Department during emergencies. District 3 (MJ)

1. Staff recommends motion to:

A) adopt a Resolution authorizing the Clerk to the Board to disburse \$466,575 from the Vessel Registration Fee Trust Fund for the construction of the Boynton/Ocean Ridge Mangrove Riprap Project; and

B) approve a Budget Transfer of \$466,575 in the Environmental Enhancement Non-Specific Fund from Reserves to the Environmental Enhancement Project.

SUMMARY: The \$466,575 Resolution and Budget Transfer provide the necessary matching funds for the construction of the Boynton/Ocean Ridge Mangrove Riprap Project in southern Lake Worth Lagoon. The project consists of approximately 3,300 tons of limestone boulders placed along 2,236 feet of shoreline to protect 45 acres of mature mangroves that lie along the Intracoastal Waterway, north of the Ocean Avenue Bridge. District 4 (SF)

2. Staff recommends motion to:

A) approve a 50-year Lease Agreement (Lease) with the South Florida Water Management District (District) of an approximately 256.94-acre tract of land, known as Tract No. DA-100-019 (Leased Premises), to be managed as part of the Loxahatchee Slough Natural Area; and

B) authorize the Director of the Department of Environmental Resources Management to serve as Project Manager for this Lease.

SUMMARY: Both the County and the District have acquired lands within the area known as the Loxahatchee Slough. Both agencies wish to preserve the natural and water resources associated with the headwaters of the Wild and Scenic Loxahatchee River. The County is the largest landowner in the area (12,579 acres) and manages the land as part of the County's natural areas system, and more specifically as the Loxahatchee Slough Natural Area. The District desires that its landholdings in the area be managed by the County as part of the larger natural area. The District will focus its efforts on managing the water resources of the area. To accomplish these objectives, the District wants to lease its most recent land acquisition in the area (Tract No. DA-100-019) to the County for management of the native ecosystems as part of the Loxahatchee Slough Natural Area. The County desires to include the Leased Premises as part of the natural area because the Leased Premises provide frontage on both PGA Boulevard and the Beeline Highway, and provide access to the heart of the Loxahatchee Slough Natural Area from these major highways. This Lease requires no rental payments. It does require that the County manage the land for the preservation of the natural habitats that are present; to provide passive recreational public use, and provide these functions according to a County-approved management plan that is reviewed by the District. The Management Plan must be developed and approved by the County within two (2) years of execution of the Lease. Any restoration activities or installation of capital infrastructure for public use placed on the Leased Premises will be at the County's expense and will become the property of the District at the end of the Lease, unless removal of the improvements from the property is requested by written notice from the District. If required, removal of the improvements also will be at the County's expense. District 1 (JB)

Staff recommends motion to approve: the revised Management Plan for Jupiter Ridge Natural Area. **SUMMARY:** The Jupiter Ridge Natural Area Management Plan was originally approved by the Board on November 19, 1996 and by the State of Florida on February 27, 1998. The Management Plan was revised in 2008 to include additional information regarding the history of the site and its biological resources, a chronology of significant events and activities occurring since the County's acquisition, improvements in management techniques for the site, and other new information. ("Rialto Community Association"), a Florida not-for-profit corporation, for a wildlife/greenway corridor between Jonathan Dickinson State Park and the North Jupiter Flatwoods Natural Area (the "Natural Area") to be managed by the County's Department of Environmental Resources Management (ERM) as part of the Natural Area after completion of planting and plant survivability requirements to be met by Lennar;

B) accept a special warranty deed for the conveyance of a 7.96-acre preserve parcel from the Town to be added to the Natural Area as part of the wildlife/greenway corridor, subject to satisfactory completion of County due diligence;

C) accept a donation of \$125,000 from Lennar for the long-term maintenance and management of the wildlife/greenway corridor, to be made in four (4) equal payments of \$31,250 over a period of up to five (5) years; and

D) approve a Budget Amendment for \$125,000 in the Natural Areas Stewardship Endowment Fund.

SUMMARY: In 2002, the Town approved the site plan for a Planned Unit Development (PUD) known as Jupiter Isles. The applicant, Schickedanz Capital Group ("SCG"), subsequently conveyed the property to GMAC Model Home Finance, Inc., which then conveyed it to Lennar. Lennar assumed the obligations of SCG, applied to the Town for amendments to the site plan, and then entered into litigation with the Town. A Settlement Agreement was reached in December 2006 and the PUD was amended to include an adjacent development known as Loxahatchee Reserve, also owned by Lennar. The former Jupiter Isles tract was renamed Loxahatchee Reserve North and the former Loxahatchee Reserve tract was renamed Loxahatchee Reserve South. The combined development is now known as Rialto. As part of the settlement, Lennar was required to preserve a 135-foot-wide strip on the northern boundary of the development as an addition to the existing wildlife/greenway corridor, plant the entire corridor with fire-resistant native vegetation, and dedicate the 135-foot-wide strip to the Town by plat. Lennar later provided a quit-claim deed for that property to the Town. The Town intends to convey the property to the County to be managed in concert with two (2) adjacent corridor strips already managed by the County as part of the Natural Area. District 1 (SF/JMB)

6. REGULAR AGENDA

A. ADMINISTRATION

1. Staff recommends motion to approve: Amendment No. 3 to the Palm Beach County Section 108 Loan Program Criteria funded by the U.S. Department of Housing and Urban Development's (HUD) Section 108 Loan Guarantee Program. **SUMMARY:** The Palm Beach County Section 108 Loan Program was created as a federal source of loan funding to be used by businesses, investors, communities and non-profit and economic development organizations to implement business ventures that will create new jobs and help revitalize local communities. HUD approved Palm Beach County's request for Section 108 funding on September 26, 2002 for a \$15,000,000 loan pool that was available through September 30, 2008. HUD renewed the loan pool for \$12,000,000 through September 30, 2011. The proposed Amendment will make the program more accessible to the businesses community by streamlining and aligning the County policies with HUD and Small Business Administration (SBA) guidelines and requirements. The proposed Amendment modifies the following key elements of the criteria:

(I.) & (II.) Program Objectives and Fundamental Loan Requirement: Eliminates the category of job retention as per HUD guidelines, modifies the job creation to begin at the issuance of a certificate of occupancy, completion of the construction/renovation project or when the loan is disbursed, whichever is first, and modifies the job creation time frame from one (1) to five (5) years.

(III.) Eligible Activities: Amends the maximum amount of working capital from \$50,000 or ten percent (10%) of the total project cost to a maximum of 40% of the total project cost as per HUD guidelines.

(IV.) Eligible Applicants: Reduces the minimum number of years in business from three (3) to two (2) years.

(V.) Types of Assistance Available: No changes.

(VI.) Interest Rates, Loan Fees and Terms: Eliminates the requirement to increase the interest rate by 1% for projects located in non-distressed areas, reduces the application fee from 1% of the total loan amount to a non-refundable application fee of \$100, increases the loan closing fee from 0.75% to 1.5% of the total loan amount, and amends the minimum loan amount from \$250,000 to 40% of the total project cost.

(VII.) Lending Criteria/Underwriting: Increases the maximum amount of assistance per job created from \$15,000 to \$35,000 as per HUD guidelines.

(VIII.) Public Benefit Requirements: Aligns the salary requirement with HUD guidelines. Additional procedural changes are also being proposed to streamline the program.

These modifications are recommended to assist businesses, allow business development and investment in distressed areas, such as the Glades communities and Development Regions, and promote more participation of commercial lenders in economic development projects, which will leverage more private investment. These proposed Amendments are consistent with HUD guidelines. Because this amendment will not impact Palm Beach County's HUD-approved underwriting guidelines, HUD review and approval is not required. The County currently provides dispatch services to the Village of Palm Springs (Village) through an Emergency Services Agreement for Mutual Assistance, Automatic Aid, and Dispatch Services (R2007-0904). The Village now desires to abolish its fire rescue department and opt into the MSTU as a method to receive and pay for fire rescue services from the County. The proposed Ordinance amends the existing boundaries of the Fire Rescue MSTU to include properties within the municipal boundaries of the Village. Countywide (SB)
3. Staff recommends motion to approve on preliminary reading and advertise for Public Hearing on December 16, 2008 at 9:30 a.m.: an Ordinance of the Board of County Commissioners of Palm Beach County, Florida, amending Section 26-51, Subsection (b), of Chapter 26, Article II, Division 3, of the Palm Beach County Code; amending the boundaries of the Fire Rescue MSTU (Municipal Service Taxing Unit) to include the City of Lake Worth; providing for effectiveness; providing for opt-out procedures; providing for opt-out procedures for tax year 2009; providing for repeal of laws in conflict; providing for severability; providing for inclusion in the Code of Laws and Ordinances; providing for captions. **SUMMARY:** The Fire Rescue MSTU (MSTU) encompasses the unincorporated areas of Palm Beach County plus the incorporated areas within the municipal boundaries of municipalities that have opted to join the MSTU. The County currently provides dispatch services to the City of Lake Worth (City) through an Emergency Services Agreement for Mutual Assistance, Automatic Aid, and Dispatch Services (R2005-1563). The City now desires to abolish its fire rescue department and opt into the MSTU as a method to receive and pay for fire rescue services from the County. The Department is currently in negotiations with the City to enter into a service agreement. However, if no action is taken by the City and the BCC prior to December 31, 2008 to include the City in the MSTU they could not be included in the MSTU until October 2010. The proposed Ordinance amends the existing boundaries of the Fire Rescue MSTU to include properties within the municipal boundaries of the City. If the County decides not to move forward with the provision of fire rescue services to the City, the Board has the option to repeal this Ordinance prior to April 30, 2009. Countywide (SB)

F. PLANNING, ZONING & BUILDING

1. Staff recommends motion to adopt: Resolution of the Board of County Commissioners of Palm Beach County, Florida, changing the street name of Orange Road to Old Orange Road, located in Section 35, Township 40, Range 42, Loxahatchee Gardens, recorded in Plat Book 23, Page 237. **SUMMARY:** Planning, Zoning & Building Department (PZ&B) requests a street name change for Orange Road, to eliminate and/or reduce confusion with another street in the unincorporated area with the same name. In conjunction with Emergency Services, Planning, Zoning & Building Department staff believes this duplication could result in a delay of emergency services to the neighborhood. Upon receiving a copy of the approved resolution, PZ&B staff will implement the name change by notifying appropriate parties and agencies. District 1 (RB)

G. PUBLIC SAFETY

1. Staff recommends motion to approve on preliminary reading and advertise for Public Hearing on December 16, 2008 at 9:30 a.m.: an Ordinance of the Board of County Commissioners of Palm Beach County, Florida, amending Chapter 17, Article V, Division 1, Section 17-153 of the Palm Beach County Code concerning work identification cards for individuals performing in adult entertainment establishments; providing for repeal of laws in conflict; providing for severability; providing for inclusion in the Code of Laws and Ordinances; providing for captions; providing for an effective date. **SUMMARY:** Section 17-153 of the Adult Entertainment Ordinance requires performers in adult entertainment establishments to apply for work identification cards from the Public Safety Department, and show proof that they are at least 18 years old. Some application requirements of the current Ordinance such as social security numbers and two (2) separate forms of identification were deemed unnecessary. The Ordinance, adopted in 1999, also fixed the fees at \$25 for each new request and \$5 for each duplicate. The revenues generated do not recoup the current costs of the Department to administer the program. Staff will be recommending an adjustment to the fees to offset the cost of issuing the license. The amendment modifies the application requirements, designates the Public Safety Department responsible in creating the application form to verify that the applicant is at least 18 years old, and provides that fees for work identification cards be established by Board resolution. H. WATER UTILITIES

1. Staff recommends motion to approve: the addition of six (6) Meter Reader positions in the Water Utilities Department's operating budget for FY 2009. **SUMMARY:** The Water Utilities Department (Department) is requesting that six (6) additional Meter Readers be added to the Department's complement in order to read customers' meters on a monthly basis. The Department recognizes the concerns of its customers who have recently received bills with large month to month variations. Much of this problem is due to the current policy of bi-monthly meter reading with the intervening month's bill being based on the customer's average usage over the previous 12 months. Converting to monthly reading of all meters will avoid the problems posed by the estimation procedure. The Department had adopted a long-term policy to move toward monthly reading of all meters. In 2006, the Department began replacing its meters with radio-read meters that are read electronically on a monthly basis simply by driving through the neighborhood. To date, the Department has 19,500 radio-read meters from a total of approximately 170,000. The original plan was to have all of the meters replaced by 2014. The additional staff can be phased out as more radio-read meters are installed. The Department is making cuts in other areas of its 2009 budget; therefore, no budget amendment is necessary. A significant reduction in Excessive Usage Commodity Credits is expected to partially offset the estimated cost of \$325,000. Countywide (MJ)

I. SHERIFF

- 1. Staff recommends motion to approve on preliminary reading and advertise for Public Hearing on December 16, 2008 at 9:30 a.m.: an Ordinance of the Board of County Commissioners of Palm Beach County, Florida, pertaining to the regulation of nightclubs; providing short title; providing definitions; providing a security fee; providing additional security measures; providing enforcement and penalties; providing patron age restrictions; providing police supervision; providing right of entry for purpose of inspection; providing exemption; providing for severability; providing for repeal of laws in conflict; providing for applicability; providing for inclusion in the Code of Laws and Ordinances; providing captions; and providing an effective date. **SUMMARY:** The public health, safety and welfare of the citizens of Palm Beach County will be best served by prohibiting the admission of persons under the age of twenty-one (21) to nightclubs. The Palm Beach County Nightclub Security Ordinance will require nightclubs to have security officers/law enforcement presence when the nightclub is open to the public between 11:00 p.m. and 8:00 a.m. It also requires that security officers complete a security officer training course approved by the Sheriff’s Office. Additionally, the Owner must provide a minimum number of off-duty Sheriff’s deputies and exterior security lighting.
